REMARKS

Claim 35 has been amended to correspond to claim 37 rewritten in independent form. Specifically, R3, R4, R5 and R6 in formula 3-a in claim 35 have been limited to hydrogen atom as originally recited in claim 37.

Claims 37 and 47-49 have been canceled.

Claim 37 is indicated in the Office Action of January 5, 2010, to be allowable if rewritten in independent form to include all of the limitations of the base claim and any intervening claims and amended to overcome the 35 U.S.C. § 112, second paragraph, rejection in the Action.

Claim 35 as amended avoids the 35 U.S.C. § 112, second paragraph, rejection and otherwise corresponds to claim 37 rewritten in independent form to include all of the limitations of the base claim and any intervening claims.

The application is now in condition for allowance and a formal note of allowability is respectfully requested.

In the event that this paper is not considered to be timely filed, applicants hereby petition for an appropriate extension of time. The fee for any such extension may be charged to Deposit Account No. 111833.
